GENERAL STRIKE IS ORDERED IN RUSSIA

Will Begin at Noon On Saturday, Aug. 4th.

ARTILLERYMEN HAVE MUTINIED

Premier Stolypin Has Gone to Peterhoff With the Intention, It Is Believed, of Tendering His Resignation.

St. Petersburg, Aug. 3. [illegible] —The strike here has already affected 150,000 men, including the employes of the electric lighting plants.

St. Petersburg, Aug. 4. A general strike has been formally ordered to begin in St. Petersburg at [illegible] noon and as a preliminary [illegible] employed in a dozen establishments went out at noon Friday.

St. Petersburg, Aug. 3. [illegible] —Premier Stolypin has gone to Peterhoff with the intention, it is believed, of tendering his resignation.

Warsaw, Aug. 4.—The artillerymen in the summer camp at Rembertow near Warsaw have mutinied. Infantry and Cossacks have been despatched to quell the revolt.

St. Petersburg, Aug. 4. All communications of the Finnish railways with St. Petersburg and Viborg as well as the entire length of the coast within the line skirts, have been occupied by troops.

Helsingfors, Aug. 4. Sveaborg fortress is completely in the hands of the government. The prisoners have been marched out and sent to Skuttskeri Island, where they will await trial.

The socialistic Red Guard Thursday evening made an effort to bring about a general strike. They marched in force to the power house of the street railroad and ordered the men to strike. Upon their refusal the guards attempted to destroy the buildings.

The police and the communal guards were summoned, and a fight followed, resulting in the killing of the assistant chief of police and several communal guards, and a number of the Red Guards. Cossacks were summoned and separated the combatants. The Red Guard consists of the greater part of the Finnish proletariat, while the communal guards are made up of the middle and wealthy classes, and are organized to maintain order and protect property. They are armed with rifles, and are under almost military discipline.

The government is handling the situation carefully, fearing that the movement may spread throughout the country. The Cossacks are used only in extreme cases, and then they disperse crowds with more gentleness than they do in Russia.

It transpired that the sharp fighting and firing heard from Sveaborg between 4 and 5 o'clock Thursday morning, came from the infantry reenforcements dispatched there for the purpose of constructing pontoons from island to island, in order to wrest the fortifications from the mutineers. The troops were supported by a cannonade from the fortress on Sandham island. The attempt was successful, and the government flag was hoisted at noon, showing that the Sveaborg fortress was in the hands of the loyalists.

Some two thousand reinforcements of troops have now arrived at Helsingfors. During the night the telegraph lines were cut, severing communication with Viborg and a small railroad bridge between here and Viborg was blown up. The bridge was subsequently repaired.

Trains from St. Petersburg are arriving here after great delay, one of the railway bridges having been blown up with dynamite, but it was soon repaired.

The casualties at Sveaborg were many, but 500 is undoubtedly an unexaggerated number.

The officers' wives showed daring devotion as nurses. The wounded loyalists suffered considerably, as they were ill supplied with medical [illegible].

Elizabeth City, N. C., Aug. 4. The steamer Thomas Newton [illegible] to Elizabeth City from Norfolk, Va., was run down by the barge Maryland, owned by the Erickson Contracting Company of Philadelphia, in Pasquotank river, 4 miles from the Dismal swamp canal and the Newton sank immediately. The barge contained a cargo of general freight and [illegible] the latter lighted, burning her down to the water's edge. It is said the vessels owners will claim $5,000 damages. The Newton was built in Norfolk in 1881 and was of 4[illegible] gross tonnage. Her normal crew was of nine men. No one aboard was injured, so far as known.

Belcher disappeared from this city about a year ago while he was mayor. He was alleged to have embezzled from $100,000 to $150,000 from personal friends and from the Manchester Building and Loan association which was forced to suspend business.

Washout Wrecks Mixed Train.

Augusta, Ga., Aug. 4.—Southern railway train No. 103, a mixed passenger and freight from this city to Columbus, ran into a washout 2 miles this side of Both, derailing the entire train and more or less completely wrecking the engine and three freight cars. The engineer and fireman escaped by jumping, but both were slightly injured. The incoming passenger train had passed the spot but a short time before and there was then no indication of a washout.

Dismissed from Service

Washington, Aug. 4.—W. A. Miller, assistant foreman of the binders of the government printing who was suspended by the public printer on July 21 for insubordination and insolence, was dismissed from the government service Thursday. Miller's former suspension in 1901 was the cause of President Roosevelt's order declaring the government printing office and all offices where workmen are employed by the government to be "open shops."

Posse Is Hot After Negro.

Milledgeville, Ga., Aug. 4.—Joe Morris, the negro youth who recently attempted to assassinate the family of George Bloodworth, a farmer, living a few miles from Macon, is hiding in a swamp near Milledgeville. A posse of men in buggies, on horses and afoot, all armed surround the swamp. A report of a lynching has reached Milledgeville, but is unconfirmed. TWO IMPORTANT BILLS PASSED RY SENATE

People to Elect Railroad Commissioners---Long Lease for State Road.

WILL AGREE ON WILLIAMS BILL

Representative Kelly, of Glascock, Who Introduced Bill in House for Election of Commissioner, Says He Will Accept the Senate Bill.

Atlanta, Aug. 4. The [illegible] da passed [illegible] for [illegible] railroad commissioners by the people and for the lease of the Western and Atlantic railroad for 25 years at $[illegible] per month.

Senator Williams' bill for the election of railroad commissioners by the people was passed by a vote of [illegible] to [illegible]. The senate [illegible] bill to the house and the latter body is expected to consider and adopt it.

Representative Kelly, of Glascock, whose bill was passed by the house, stated after the passage of the Williams bill that he would accept it. His and the other are identical. The senate committee saw fit to favor the Williams bill as a substitute for the Kelly measure.

At the next general election the people will vote upon the question of a road to the place to be [illegible] by the expiration of Hon. Joseph Brown's term. Mr. Brown refuses to state whether he will be a candidate for the office until the house has considered it.

Those speaking in favor of the measure were Senators Bond, Steed and Crum. There was no opposition. When Senator Williams' name was reached on the roll, votes being recorded he said: "Fellow senators, this is the happiest moment of my life. I thank you for passing this bill. In my opinion this is the most important piece of legislation done this session."

The bill provides that commissioners shall be elected by the electors who are entitled to vote for members of the general assembly. Successors to the incumbents shall be elected at first general election preceding expiration of their term of office. That is, at the general election in October, 1906, one shall be elected to succeed the incumbent whose term expires October 15, 1907, one shall be chosen at the general election in 1908 to succeed the then incumbent whose term shall expire in 1909, one shall be chosen in 1910 to succeed the then incumbent, whose term expires in 1911 and so on.

Election of such shall be governed by the same rules and regulations applying to the gubernatorial election. In case of a vacancy it shall be filled by the governor.

Lease of the State Road.

The amended bill of Senator McHenry providing for the lease of the Western and Atlantic railroad for 60 years at $60,000 per month, was passed by a [illegible] of 27 to 12.

Senator McHenry's original bill provided for a lease of 99 years at $60,000 a month. The Western and Atlantic committee amended the bill by striking out the 99 years and substituting 60. This was done at the instance of Senator Hand.

Senators Miller and Bond made arguments against the bill as amended. The former contended that it should not be leased for more than 30 years and at a minimum of $80,000 per month. This he presented as an amendment, but it was voted down.

He then showed that according to the reports of the present lessees, in 1881 the gross income per mile was $7,000, later $12,000, and in 1905 was $19,000.

The only other matter of special importance was enactment of an amended measure by Representative Calloway, allowing all confederate veterans and their widows pensions, conditions notwithstanding.

By an overwhelming vote of 121 to 2 the house of representatives passed a bill to regulate the passing of all automobiles and other [illegible] propelled vehicles upon the public highways of the state.

Briefly summed up, the substitute of Mr. Felder, of Bibb, which was passed, conforms to the law of most of the northern states, modifying the original bill of Mr. Lumpkin, of Walker, who spoke in behalf of the adoption of the substitute.

For a time at least, the house will hold no afternoon sessions, the resolution of Mr. Calvin, of Richmond, to limit late sessions of the house from 9 o'clock in the morning to 1 o'clock in the afternoon prevailing. This resolution prevailed also the provision limiting debate on the floor to five minutes of any measure to one hour, all extra speeches being limited to 10 minutes. This will expedite business.

Bryan Is Endorsed

Jackson, Miss., Aug. 4. In response to a request of William J. Bryan for a resolution calling upon the national Democratic committee to investigate the charges made against National Chairman Thomas J. Taggart and demanding his resignation if they were proven, the nomination of Charles H. Kimmerle, of Chickasaw, for governor over Governor E. Parkhill, of Owosso, the only other candidate after a spirited fight, were the features of the Democratic state convention held here Thursday. About 700 delegates attended the convention.

Steamer Sinks in Lower River

Darien, Ga., Aug. 4. Albany, N. Y., Aug. 4.—The mammoth flour house owned by Henry Russell, of this city, was practically destroyed by fire Friday. The building was 120 feet long and 75 feet in width, with a capacity of 15,000 barrels. About 8,000 barrels of flour were destroyed. Mr. Russell was unable to state just what his loss would be by the fire.

Memphis, Aug. 4.—Complete returns from the several counties comprising the tenth congressional district indicate that no nomination was made in Thursday's Democratic primaries. General George W. Gordon and John W. Apperson, the two leading candidates will therefore enter a run off on Aug. 11, when a special election will be held.

TWO S. C. A. OFFICERS ARE CONDEMNED

Result of Cotton Association Investigation.

FINDING DELIVERED TO JORDAN

The Committee Condemns Secretary Cheatham and Manager Fairchild in Strong Terms—Committeeman Seymour Makes a Few Remarks.

Atlanta, Aug. 4. The committee of the southern cotton association to [illegible] charges against officers of the association, made by Rufus Fancher, and submitted it to President Harvie Jordan, who will lay it before the executive committee of the national association at an early a day as possible.

The finding of the special committee roundly condemns the act of Secretary Reuben Cheatham in spending, even if it was for another person, as Mr. Cheatham contended.

It also states that it can find no reasonable excuse for Mr. Cheatham using the word "secretary" in signing individual checks, as he did when making payments to the bucket shops. This it is stated, needs with the strongest condemnation by the committee.

The same findings are made in reference to A. A. Fairchild, manager of the publicity bureau, who admitted that he own stock in a bucket shop.

The committee made no recommendations, believing that a simple finding was all that was within its power.

The committee took occasion to say a word about what they believed to have been the motives that inspired the charges and they also had something to say about the "prosecution" and about bucket shops in general.

By all who heard the investigation it is believed the committee held a full, fair and impartial trial, securing all possible evidence and weighing it carefully. Even witnesses who had circulated reports that were based only on hearsay evidence were summoned and forced to admit that they knew nothing.

Both prosecution and defense were given a full and free opportunity to introduce any witnesses they wanted.

The only member of the committee who would have anything to say about the investigation after it was over was Mr. Seymour, who had been chosen as secretary, and who sent out copies of the finding. Mr. Seymour said:

"Our committee, I believe, has gone over the matter fully and carefully and our verdict is a right and proper one. We took care to have it appear that Representative Anderson was the prosecutor. We also said something about bucket shops, and why the charges against the officers came to light just at this time. We have sent our finding to the president, and he will lay it before our national executive committee."

Improvements For Telephone Co.

Chicago, Aug. 4.—The Illinois Telephone company, the telephone end of the Illinois Tunnel company, has completed arrangements to make connections with all the long distance independent lines in the United States. President Albert Wheeler said this long pending deal had been made. For two years, the Illinois Tunnel people have been trying to get connections outside of Chicago with the independent telephone association of America. This system extends from the state of Maine to Mexico.

Higgins Sent His Dollar.

New York, Aug. 4.—Governor Higgins has sent his dollar to the Republican campaign committee. With it he sent this letter to Representative Sherman, of the committee: "Permit me to follow the splendid example of President Roosevelt and enclose my dollar as a contribution to the campaign fund."

ALACHUA BARBECUE WAS A BIG SUCCESS

More Than 1,000 People Present At Burnett's Lake Wednesday.

THERE WERE MANY SPEECHES

A Fine Dinner Was Served, and Those Who Attended Will Remember the Occasion As One of the Most Pleasant Events of Their Life.

From all reports, it is learned that the picnic and barbecue given at Burnett's Lake Wednesday by and under the auspices of the Alachua County Cotton Growers' Association, was a success from every standpoint. Only a few went from Gainesville, but those who were there state that the affair was one of the most systematically managed and one of the most enjoyable of its kind they had ever seen.

The meeting was called by the cotton growers for the purpose of bringing the members of the various associations of the State together, which was largely successful. Members of several cotton growers' associations throughout the belt were there, and many speeches were made which tended to enlighten the growers of the fleecy staple upon the proper and profitable way to do things.

There were present more than a thousand people. The good women came from every quarter with well-filled baskets, the men prepared hundreds of pounds of beef, mutton and pork, and the result was a big dinner for all, with no scarcity.

It is calculated that this meeting was one of the most beneficial ever held in the State for the cotton grower, and no one present has a regret to make.

Rate Has Been Withdrawn.

Agent Goodwin of the Atlantic Coast Line has received instructions from the management to withdraw the special rate from Gainesville to Worthington Springs, effective at once.

The rate provided for the sale of tickets on Saturday and Sunday, good returning Monday, for 75 cents, which was just one fare for the round-trip. Many Gainesville people who like to spend a day or two at this popular resort were well pleased with the arrangement, but his information will probably give them reason for regret.

It is not known why the rate was withdrawn—but of course there must be a reason for it.

DEEDS HAVE BEEN SIGNED.

Elks Will Occupy Turner Home Within The Next Two Months.

It was announced through The Sun a few days ago that Gainesville Lodge No. 890, B. P. O. E., had purchased the elegant Turner property, corner West Liberty and Pleasant streets, and would convert the same into a home.

The deal is an absolute certainty now, since all deeds have been signed, and the property has been transferred to the committee in fee simple.

The committee will make its report at the next meeting, which will be on next Thursday night, when it is believed that a committee on building will be appointed. It will be the purpose of this committee to at once make plans and ask for bids upon desirable alterations. As soon as the bids are completed it is expected that work will begin, and within the next two months the Elks will be in a home of their own.

The committee on securing a lot has done well, inasmuch as they secured both lot and building, and they are due the thanks of members of Gainesville lodge.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." The ceremony will be performed by Rev. Francis H. Craighill, pastor of the church.

The list of invitations has been limited to those friends residing outside of the city. There will be formal invitations sent out in Gainesville, and friends of the contracting parties may consider themselves invited.

Mr. and Mrs. Broome expect to make their departure immediately after the ceremony for Lexington, Va. After a couple of weeks spent there they will return to points in North Carolina, where they will spend a month or six weeks, returning to Gainesville about October 1st.

The contracting parties are both well known and popular here, and friends will extend congratulations in advance.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. MR. SHEPHERD IS ACTIVE.

Over Sixty Years of Age, But Shows What a Hustling Man Can Do.

Editor Sun: A man can do a great deal if he only will try, but the most of them are riding around hunting someone to work, and to do that which he could do while hunting someone to work for him.

I had six and one-half acres hammock that I wanted cleared up. No one would cut it down and pile brush or cut up the logs for less than $5 per acre. I went into it myself, cut down, piled the brush, cut and piled 180 logs from two feet in diameter down to six inches, besides the small poles, ready for the plow in thirty-one days by myself; sowed twelve acres in addition, cut them, tied them up, "huddled" them and put in the barn, cultivated sixteen acres in corn and pinders, set out over an acre of potatoes, a nice garden, ten acres in velvet beans, carried the timber down in the cave, put in the stairway 150 feet without any help.

I am over sixty years of age and have done all my work without any help. I have made a good crop.

Respectfully yours,
W. F. SHEPHERD.

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. Having a Big Time.

Louis C. Lynch and Henry Davis, who have been in attendance at the Grand Lodge of the Brotherhood and Protective Order of Elks in Denver, are still sojourning in the West, and Thursday telegraphed The Sun from Pike's Peak that they were having "the biggest kind of a time." The telegram sends personally to H. H. McCreary, who is an Elk, fraternal greetings, and concludes with the statement that the thermometer registers fifty-four degrees, and that the ground is covered with snow.

Messrs. Lynch and Davis expect to return to their homes here after spending a couple of weeks in Colorado, visiting the principal points of interest.

J. J. Finley Chapter, United Daughters of the Confederacy, held an interesting meeting at the home of the first vice-president, Mrs. J. D. Stringfellow, Thursday afternoon, which was largely attended.

After the regular routine of business had been disposed of, the discussion of a subject for an essay for which the medal is given, was opened. It was decided to take as a subject "The Life and Character of General Wade Hampton."

Notwithstanding that a large membership of this chapter are out of the city on their annual vacation, a great deal of interest is being manifested by those here.

FINE COMMITTEE FOR VALDOSTA

Cotton Growers Select Fine Men to Attend Georgia Meeting.

ALL ARE PRACTICAL MEN

Those Who Are Not Planters Buy the Staple, and Will Go and Study Their Interests in Common—Convention Will be Held on August 30 and 31.

The Alachua County Cotton Growers' Association are determined to keep abreast of the times when it comes to planting and growing cotton of the Sea Island variety.

At a meeting of the cotton growers' association, which assumed the nature of a big barbecue and picnic at Burnett's Lake on August 1, the subject of the planting, culture and harvesting of cotton was discussed freely, with the result that a committee was appointed to attend the convention of the Sea Island Cotton Growers' Association, which will be held in Valdosta, Ga., on the 30th and 31st inst. The following is the committee, all of whom are growers or buyers, are well up in the Sea Island cotton industry, and whose interests are mutual:

C. D. Wood, Archer; C. W. Stephens, L. N. Pearce, J. E. Williams, James Chesnut and E. B. Lewis, Alachua; James May, Waldo; A. H. Ellis, Bland; T. A. Doke, Montecello, J. D. McFadden, Traxler; W. E. Summers and Jeff Terry, High Springs; F. J. Price, Wade; John G. Dampier, Hague; C. C. Drummond and A. E. Colson, Trenton.

The committee as reported above will attend this convention and will receive valuable instructions in the matter of cultivating and marketing Sea Island cotton which will probably prove a great benefit to many growers in this section.

Alachua county is one of the most fertile counties in the Sea Island cotton belt, and the industry has been carried on here to a large extent. The growers are more puzzled now over the marketing of the crop than they are in cultivating it, and it is believed this Georgia convention will give them new ideas in this direction.

Given Up to Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

GOOD healthy action of the Liver and bowels invariably follows the use of Lamar's Lemon Laxative (L. L. L.)

It is a reliable remedy, made by an old reliable firm, and gives greater satisfaction than any other medicine of its kind. It is just the medicine that you require in the spring.

C. W. Barfield, of Helena, Ga., says: "L. L. L. is one of the best medicines on the market, and it will do all that is claimed for it."

Mrs. W. W. Folsom says: "It is worth more than all the other medicines I ever used."

JUDGE MASON'S COURT

Two Interesting Cases Have Been Before That Tribunal This Week.

Judge Mason has been quite busy in the county court for the last day or two, two cases of especial interest having been brought before that tribunal for disposal.

The first case was that of the State vs. Nathaniel Hodge and Hugh Sinclair, upon the charge of larceny of a domestic animal. This case occupied a great deal of the time of the court, there being about twenty-five witnesses in the matter.

The specification was to the effect that a certain steer, the alleged property of J. S. Bailey, was killed by one of the defendants and purchased by the other as a marketman.

All the witnesses were not present, and the case was postponed until August 17th for further hearing.

R. A. Thrasher appears for the State, while J. M. Rivers represents the defense.

The head of the steer was produced as part of the evidence.

The case of J. S. White vs. the Seaboard Air Line, damage—trespass on the case—was brought up. Testimony and argument were submitted, and the decision of the court has been reserved.

Attorney George Scofield is representing the plaintiff, while Attorney W. E. Baker appeared for the defense.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs to sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

And Still They Wed.

Marrying seems to be a popular fad nowadays, but its a mighty good habit to get into.

There have been several marriages in Gainesville and North Gainesville recently, and, if rumor has it correct, there are more to come. While no invitations have been issued, it is an open secret that there will be another wedding in North Gainesville on Sunday, the 12th inst., the contracting parties being prominent and well known young people. All arrangements are being made, and no denial by those who will be most directly affected has been made.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Lithographers Strike.

New York, Aug. 3.—About 500 employes of the lithographic establishments of this city struck Thursday to enforce a demand for a reduction in their working hours from 53 to 48 per week. The strike affects several thousand men throughout the country.

In Self Defense.

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, sores, cuts and wounds. 25c at all drug stores.

A BAD MAN IS HE.

George Thomas, Alias Alabama Kid, Keeps Regularly in Trouble.

Deputy Sheriff J. H. Granger arrived in the city Friday with George Thomas, alias "Alabama Kid," who has been serving three months in the phosphate mines at Dunnellon upon a charge of beating an account.

Thomas was sent up from a justice court in this county. In the meantime while he was serving his sentence in the mines, it was discovered that he was wanted in Calhoun county for the larceny of a horse, and Officer Granger took charge of the prisoner immediately upon his release from the phosphate mines. He will be taken to the authorities of Calhoun county today.

Julia Gaines, a colored woman who was convicted in Justice Caswell's court at Alachua upon a charge of larceny, was turned over to Sheriff Fertell. The woman was assessed a fine of $50 and costs, in default of the payment of which she was sentenced to three months in the "gang." She was taken to the mines Friday.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold and distressing cough that interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

He Had No License.

Deputy Sheriff James Lumpkin arrived in the city Friday with George Fletcher, a white man for whom a warrant was issued in Putnam county upon a charge of doing business without a license.

Officer Lumpkin, who resides at Orange Heights, arrested the man after he had left the confines of Putnam county, but he had a description of the party, and took him into custody from this description.

It is claimed that Fletcher had been peddling patent medicines in Putnam county without the required license. He was taken to Palatka Friday.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the same way but for S. S. S., which cured me.

A Kansas man published the declaration that the water below a dam was softer than that above it, and after every scientist in the State had taken a fall out of him, explained that the fall over the dam broke the water.

The initial number of The Alachua Post, Alachua, published by McCord & Heckard and edited by S. R. McCord, the senior member of the firm, has been received. It is a neat paper, six pages, and is full of interesting news. The Sun wishes The Post and its publishers much success in the new field, and there is no reason why they should not have it.

The busy men and women of the world are they who have attained to greatness. Many such have endured hardships and practiced rigid economy to enable them to meet the demands of a large family and the greatest men this country has produced have been men who have labored with hands and brain, after acquiring a competency, remembering the years that are gone, admit that their working years were their happiest years.

Senator Warner and Congressman Ellis are telling the people of Missouri that Congress at its next session will give revision of the tariff its earnest consideration. Will these two innocent Republican ducklings explain how the tariff could be revised at a short session of Congress? The Protective Tariff League will be after their scalps if they talk that way. Don't these "kid congressmen" know that the Republican program is to stand pat?

A bill providing a uniform method of naturalization throughout the country was passed by Congress. The bill requires that admission to citizenship shall not be granted in not less than two years after the declaration of intention. The seventh section provides that "no person who disbelieves in or who is opposed to organized government" shall be naturalized. The bill provides also that no alien shall hereafter be naturalized who cannot speak the English language. The law goes into effect ninety days after approval.

MR. SAGE'S WILL.

The best thing that Russell Sage ever did was making his will. His life, devoted as it was, entirely to the making and saving of money, was not an edifying spectacle, nor one which can be held up as an example to our children. Undoubtedly he was happy in his career of amassing a tremendous fortune, but that does not make the life itself appear the less sordid and mean.

But his will was a dignified and altogether commendable document. For Mr. Sage to have willed his fortune to charity would have been hypocritical. It would have been entirely out of keeping with his whole life. He was not a philanthropist when living and he wisely refrained from posthumous charity. His treatment of his relatives seems to have been entirely reasonable and wise. There had been little in common between Mr. Sage and his relatives. Their ways of life separated widely. They were not accustomed to the use of large sums of money, and to have bequeathed them millions would have perhaps been more a calamity than a kindness to them. So he gave them sums of money sufficient to raise them above poverty, but not large enough to tempt them into wild extravagances.

He left this great fortune to his wife, a woman advanced in years, of quiet tastes, and not at all likely to squander the fortune that it had taken Mr. Sage so many years to acquire. Mr. Sage must have known that his wife, with her religious and philanthropic disposition, would probably devote the fortune to charity and religion, and in bequeathing her the money he practically made her trustee of the fortune he used for such purposes.

THE STARTING POINT.

We would like to whisper into the ear of every young man to shun the gambling room.

Shall we sketch the history of the gambler? Lured by bad company he finds his way into a place where honest men ought never to go. He sits down to his first game, but only for pastime and the desire of being thought sociable. The players deal out the cards. They unconsciously play into Satan's hands who takes all the tricks and both the players' soul for trumps—he being a sharper at the game. A slight stake is put up just to add interest to the play. Game after game is played. Larger stakes and still larger. They begin to move nervously on their chairs. Their brows lower and eyes flash until now they who win and they who lose, fired alike with passion, sit with set jaws and compressed lips and clinched fists and eyes like fire balls that seem starting from their sockets, to see the final turn before it comes; if losing, pale with envy and tremulous with unutterable oaths cast back red hot upon the heart, or, winning, with hysteric laugh.

While gambling in itself is bad enough it is the stepping stone to all other vices and evils which inflict mankind. Young man, shun the gambling table as you would a poisonous serpent.

THE "GOOD FELLOW."

Very many men attain a wide reputation within the male circle of their acquaintance of being "good fellows" when the men themselves know that it is undeserved and that the term "bad fellows" would more nearly fit their case. Of course there are hosts upon hosts of men—far more than the world at large know of—who are in truth good fellows in every sense of the word, but it is a fact, nevertheless, that in numerous instances the designation applied to men whose only title thereto is won at the cost of disquiet and anxiety at home and among friends and possibly among broken hearts and ruined lives. Viewed from merely the selfish standpoint a young man cannot afford to be known as a "good fellow" as the term is commonly understood much less to be one. In its proper sense as being an agreeable companion everyone should endeavor to be such and the first place in which to show this good fellowship is the home.

Attorney-General Moody has been forced to admit that Judge Parker's contention that all the laws under which the Federal government has prosecuted the trusts and corporations existed prior to 1904. Will President Roosevelt and Secretary Cortelyou also acknowledge that Judge Parker is right, or will they still deny it as was the case about his other charge that the corporations were contributing to the Roosevelt campaign fund in 1904, which has also been proven but never acknowledged.

In order that a town or city may make a substantial and steady growth it must have factories so as to induce people to make their home there. People will flock where there is employment. City or public work will give employment to but few men, and that only for a portion of the year. The question of securing factories and other sources of employment must be agitated and inducements held out to either the citizens or outsiders to invest, or at least investigate the possibilities of successfully operating plants here.

All honor to the man who earns his living by honest toil. He it is, above all others, who is always pulling for better things. He is always on the front seat of the community band wagon. He is the first resident to greet the stranger and tell him that he is visiting the best town in the State. He is ready to fight, at the drop of a hat, the fellow who willingly runs down the community's best along with its worst, and there is something inspiring in his cordial invitation to the chronic croaker to "move somewhere else."

There are few towns where the stores present a more pleasing appearance than those of Gainesville. Our merchants take a pride in the appearance of their respective places of business and such pride is certainly commendable. That is not all, they carry good, clean stocks of merchandise and their reputation for fair dealing draws a splendid patronage from the surrounding territory.

The man and woman who try to make their home the most interesting spot on earth for each other, and for their friends and those who are near and dear to them, have but occasional use for the club. It is to them, like the theatre, a pleasant place to enter now and then, but not a spot to dwell in.

Don't teach your children that it is a shame to wear worn and patched clothes if your are not able to afford better, but that it is no honor in wearing new ones that are not paid for. A poet said, "Remember, that rags may cover a boy who will some day be the great world's joy."

The number of crimes is on the increase, and they can be traced back to homes in which parents were too ambitious for their children in the direction of social prominence and too neglectful of them in the direction of character.

The National Republican Congressional Committee has decided to ask for contributions of $1 to the campaign fund. This is a bold and underhand way of making people believe the money power is against them.

MR. HOBBS ON CELERY QUESTION

Believes Celery Can Be Grown Here As Well As Elsewhere.

PLANTED FIRST SANFORD BED

Demonstrated Fact That Celery Could Be Grown As Well On Sandy As Muck Soil, and Started the Industry There—Probably Experiment Here.

Chas. L. Hobbs, formerly of Miami, where he acted as cashier of the Fort Dallas Bank, later of the Bank of Dunnellon, and an all-round progressive young man, is in the city for a few days on business.

Mr. Hobbs is quite a developer, notwithstanding that he is comparatively a young man. He enjoys the distinction of planting and successfully marketing the first celery crop in the immediate Sanford territory, demonstrating to those who were doubtful that celery could be grown with profit on a sandy soil. Mr. Hobbs also through his efforts demonstrated that celery growing on the East Coast proves profitable, with the result that acres of it are now grown and shipped from Indian River. He states that he believes celery can be grown in this section successfully, and may make a demonstration within a short time.

"Do you know that upon the success of the farmer depends the success of this country?" remarked Mr. Hobbs, in speaking of matters in general. "You show me a country where the farmer and the trucker is prosperous, and I will show you a country where the banks and merchants are getting along nicely. I will show where the bank statements will show to a big advantage, and where almost everybody who is not 'too lazy' will be found in comfortable circumstances."

Mr. Hobbs, who is quite interesting to talk with, is practical in his views. He admits that the farmer and trucker is the mainstay and backbone of any community, and gives the reasons for his belief. If the tiller of the soil, it makes no particular difference what he grows, harvests a good crop and receives good returns, the bankers and the people generally are bound to prosper.

BITTEN BY A CAT.

Prominent Lady of LaCrosse District Victim of Peculiar Accident.

Mrs. Daniel Chesser, wife of one of the widely known citizens of the LaCrosse section, was the victim of the bite of a cat on Friday which may prove serious, as it is believed that the cat was afflicted with hydrophobia.

It was stated by parties visiting the city Saturday that the cat, which was a house pet and very gentle, suddenly attacked Mrs. Chesser. It was impossible to drive the animal away, and after it had been killed and the head was severed from the body, the teeth still remained firm.

Dr. Roberts was summoned and treated the lady. The head was preserved, and was sent to the State Board of Health at Jacksonville Saturday for examination.

MR. HARMELING TO HELP FLORIDA

Will Advertise State Broadcast Throughout the North.

HE WILL INDUCE IMMIGRATION

Is Particularly Impressed With Finlanders, Who Appear to Be Honest, Conscientious and Progressive—A Big Scheme.

There are going to be some new developments in Gainesville and vicinity within the next few weeks, if the efforts of V. P. Harmeling are to count for anything.

Notwithstanding that Mr. Harmeling is a young man, he is full of energy and push, and will show the people what he can do in the matter of inducing immigration to this State.

Mr. Harmeling is a native of Bristol, Va., but has been a resident of Florida for the past four years. He first settled at Madison, a progressive city of West Florida, the county seat of the county which bears the name. After reading the papers and other literature of the advantages of the various sections of the State, which are quite diversified, he decided that Alachua county was one of the most fortunate counties in Florida as far as soil was concerned. Gainesville having been selected as the site for the University of Florida was another inducement, and taking all things together he decided to come here and make it his home.

Mr. Harmeling is by trade a milliner. He decided to come to Gainesville and establish a large wholesale and millinery business, and with this idea in view, realizing at the same time that Gainesville was a good town, did not take into consideration the fact that business houses were scarce here, and arrived in the city with the intention of renting a place and opening up immediately; but he found a scarcity of desirable buildings here which was alarming, with the result that he advertised his line, which was placed in a small building, at cost, and sold out the same at actual cost to the public.

But Mr. Harmeling was not despondent. In fact he realized that Gainesville and Alachua county was all right, because of the fact that everybody seemed satisfied and happy. The truckers, as had been evidenced by their shipments and returns, were living well, and he felt that everything was progressive in this section.

Mr Harmeling did not desire to leave Florida, and as a result decided to remain in Gainesville. He has been negotiating since in real estate and has been prosperous. He proposes now, however, to extend his territory, and will not only push this immediate section, but proposes to list property everywhere in the State. He has arranged with a number of papers in the North to advertise Florida in general and Alachua county in particular, and invites the foreigners especially to come to Alachua county, purchase a small tract of land, engage in trucking or horticulture, and become independent. He is particularly interested in bringing Swedes to Florida, as he declares that these people are among the most progressive and the most honest in the world. "I have seen a great deal of the foreign element," he said; "I have seen Italians, who as a rule are good, hard-working people and make fairly good citizens; I have seen Germans, who would make a fine 'bunch' if they would work together. Germans are good fellows, but they won't stick as colonists. I have seen and noted other foreigners, but when it comes down to foreigners who can be trusted as a whole, give me the Finlander. Honest as the day is long, always ready to meet the neighbor half-way, the Finlander makes a good and progressive citizen, and I want to induce some of the 3,000,000 who are in this country now to come down and make their home with us."

While Mr. Harmeling will push this immediate section for all it is worth, he will also have an eye to real estate in other sections of the State, and will be in a position to locate colonies at any point. He proposes to advertise Florida in many leading papers of the North and Northwest, and will likely be the means of bringing many people to Florida.

Mr Harmeling will not only look after the location of colonists here, but will also conduct a general real estate agency, where those who are disposed may secure whatever information they may desire in regard to the State. He is also having printed for distribution a large number of pamphlets descriptive of Gainesville and Alachua county, and will distribute the same liberally throughout the country.

Offices will be established at convenient places throughout the North and Northwest, where those interested in Florida may secure all information desirable.

A Runaway Automobile.

Henry Futch, traveling representative of the produce firm of C. W. Zaring & Co., Jacksonville, is in the city on a brief visit to his family.

Mr. Futch is suffering from an automobile accident, which occurred near Palm Beach Thursday night, and from which he sustained several bruises. The machine in which he was being driven became unmanageable, and at the rate of about thirty miles an hour the machine dashed over an embankment. Mr. Futch was taken to a physician nearby, when it was discovered that his injuries were limited to a few severely sprained joints. It was fortunate that the machine was being run over a sandy road at the time.

It is said that when the Continental at Atlantic Beach closes this season the big hotel will not open again until its doors are opened to tourists who alight at Key West on their way to Cuba. This great structure, four stories high, is to be moved from Atlantic Beach to Key West on barges.

Nine hundred and seventy-eight cars, or ten miles of cars, loaded with lumber, are "all balled up" in the Jacksonville yards. The congestion is due to the fact that there are not enough vessels in port to take it away as fast as it comes in.

At a meeting of the County Sea Island Cotton Association, held at Mayo last Saturday, a corporation was formed for the purpose of building a warehouse in which farmers are to store their cotton and hold same for better prices.

A capital stock of six thousand dollars has been subscribed at Lake City for the establishment of a cotton warehouse company. The progressive people of that city should now get together.

IMPORTANT MEETING OF THE G. & G.

Directors are Determined to Push the Construction Forward.

OCALA MEN WERE HERE

The Ocala Board of Trade Sent a Committee to Confer With the Board of Directors About Running Main Line Through Brick City.

An important meeting of the directors of the Gainesville and Gulf Railroad was held in this city Saturday, a full board being present.

There were many matters of importance to come before the meeting, but few of them were given out for publication at this time. It is known, however, that preparations are being made for extending the line southward from Fairfield to Tampa, and it is said that there is plenty of money behind the venture.

A committee of the board of trade from Ocala, comprising George Crom, Maurice Strauss and E. P. Thaggard, appeared before the meeting. These gentlemen had come from Ocala as representative citizens, and asked that the board of directors and others in authority arrange to construct the main line of the proposed extension through Ocala, instead of making a branch line, as had been proposed.

Members of the committee were interviewed Friday as to the success accomplished in their mission. "We feel encouraged," said a prominent member. "The management of the Gainesville and Gulf realize that it would be better to run their main line through Ocala, but the question with them is, whether it will be practical. We feel, however, that they will consider the movement justified, and will give Ocala the advantage of a main line.

"Ocala can give the Gainesville and Gulf a lot of business," continued the member of this committee. "Ocala and Gainesville are good towns, and think what an advantage would be given to both cities if they were in direct communication with each other. I believe that the directors of the road are going to treat us fair and 'twist' the main line towards Ocala if there is a possible chance."

The Ocala Fire Department are now back in their regular quarters, much to the delight of the members.

BLIND MAN RAN A BLIND TIGER

Edward Niles Convicted of Selling Whiskey Without License.

IS WELL KNOWN CHARACTER

Has Been for Years Engaged in Playing an Accordeon Upon the Street Corners, Receiving Public Donations. City Fine Was Very Light.

When a blind man gets down to a point where he is pulled for conducting a "blind tiger," that may be determined the limit.

But such is the case in Gainesville. Edward Niles, a negro whose name and face is familiar with everybody in the city, by reason of the fact that he sits on the corners and produces music from an old accordeon which was out of tune before Noah went into the ark, to judge by its discord, and rakes in the shekels, was arrested by Marshal Pinkoson at a late hour Thursday night upon a charge which had been made by neighbors. These neighbors declared that he kept people under the influence of whiskey to such an extent that it was almost impossible and very disagreeable to stay in the community. They would "tank up" on Niles' cheap booze and continue their boisterous and disorderly habits until early in the morning, making life a monotony and misery about the section.

Marshal Pinkoson went to the home of Niles, who resides on N. Sixth street, where he found Niles taking a rest on his piazza. He accused Niles of keeping liquor for sale, when the latter naturally denied the charge. Officer Pinkoson, however, went into the house, where he found a two-gallon jug partially empty and several bottles, which had been filled for delivery, so the officer believes.

Niles was taken before the mayor, where several witnesses testified of having bought whiskey from him.

Inasmuch as Niles was afflicted by blindness, he was relieved of a heavy fine, the sentence being only $5 and costs. It is probable that the county and State will take the matter up.

A Pretty Wedding.

A pretty wedding was solemnized in the Christian Advent Church on Wednesday just before noon, the contracting parties being R. Frank Long and Miss Ada, daughter of M. Giddings, North Gainesville. Rev. J. C. Johnson performed the ceremony.

The contracting parties are well known and popular in this section. Miss Giddings is especially well known, having resided here for several years. She numbers her friends by the score, and as a mark of esteem for her the little church was crowded upon the occasion of the marriage.

Immediately after the ceremony the happy couple, with a few friends, were driven to the home of the bride's father, where a dinner was served, after which Mr. and Mrs. Long left for Grahamville on a bridal tour. They will be guests of Mr. Long's parents.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

A Delightful Entertainment.

Miss Mamie Wilcox, in honor of her friend, Miss Alta Pearson of Ocala, gave a "heart party" Friday evening.

Miss Wilcox has a reputation for entertaining, and had prepared for this occasion with her usual idea of entertaining. There was a big crowd, six tables being filled, to say nothing of the guests who were not interested in "hearts." At the conclusion it was discovered that Frank Clark, Jr., had won the gentleman's prize, a handsome paper knife, while Miss Ida Redding was the winner of the lady's prize.

The occasion was a most pleasant one, and those who were there are under obligations to Miss Wilcox for the excellent manner in which they were entertained. They were also delighted at the opportunity to meet Miss Pearson.
